

**Remarks**

The February 25, 2008 Notice of Non-Compliant Amendment stated that a complete listing of all of the claims was not present in applicant's Response dated January 14, 2008. Subsequent to the filing of the Notice, applicant spoke with the Examiner, and explained that the present application is a National Stage application, claiming priority from a PCT application. While the U.S. application was only filed with 10 claims (currently numbered claims 6 – 15), it is believed that the PCT application was filed with the original claims numbered 1 – 5, but those claims were cancelled when the application entered the U.S. national stage.

Therefore, the above amended claims reflect the cancellation of original claims 1 – 5. Additionally, the amended claims 6 – 15 above reflect the amendments made in the January 14 Response to the Office Action, and do not reflect any additional amendments.

It is believed that Applicant has addressed all of the outstanding matters and it is requested that this application be granted a Notice of Allowance at the earliest possible date. It is believed that no other fees are due at this time. Please contact the undersigned attorney if there are any questions.
